

Theory Sheet Three – *The Musical Alphabet*

The Musical alphabet is made up of 7 letters: A B C D E F G. In music, these notes are used over and over again. The amount of keys your keyboard has determines what the lowest note is.

1. What letters make up the musical alphabet? _____
2. What key does this keyboard start with? _____
3. What key comes after G? _____

To find middle C on your keyboard, first find the two black keys in the middle of your keyboard.

4. Circle the group of 2 black keys in the middle of this keyboard
5. Now write the letter C on the keyboard

6. Colour in all the C's in red pencil
7. How many C's are there?
8. Now colour in all the D's in blue pencil
9. How many D's are there
10. Now colour all the E's in yellow pencil
11. How many E's are there?
